

Dear Comenius partner,

my name is Florian.

I'm 13 years old and I have two brothers and a dog.

My brothers are 10 and 8 years old and my dog is three years old and it's funny to play hide with him.

I am happy to do the project, because I think it's interesting to meet new people and visit foreign countries.

I have already been to France. I often spent my holidays with my family in France and I liked it.

Best wishes and maybe we will meet in december in Freiburg.

Yours

Florian
