

Dear Comenius partner,

My name is Karla Weber.

I would like to tell you about my hobbies. My favourite hobby is dancing. I like hip hop and jogging around the lake called Flückinger. It's near my home.

Freiburg is a nice city with many shops and a great church called „Unsere lieben Frauen“.

I have two cats. Their names are Mia & Samp. I have only one brother who is 20 years old. I spend my last holidays in New York. I am happy to do the project, because I think it is interesting to meet new people and from foreign countries all over Europe.

Best wishes and maybe we will meet in December in Freiburg.

Karla Weber
